MISSION STATEMENT

TRANSFERRING THE ART OF HEALING MASSAGE

Our goal is to educate an exceptional and caring Licensed Massage Therapist and our coursework is designed to provide a solid foundation in massage techniques, applied psychology, human anatomy, physiology, ethics, business skills, and hands-on experience.

OUR GOALS AND VALUES

SPA SILOAM began as a vision to provide healing massage and a place of peace and comfort that deeply values the holistic approach to wellness as well as alternative medicine approaches including Traditional Chinese Medicine and East Asian philosophies.

SILOAM SCHOOL OF MASSAGE is an extension of that vision and goal to equip students with the highest quality of massage skill and knowledge to become successful massage therapists.

ADMISSIONS

Applicants must be at least 18 years of age and have a high school diploma or general equivalency degree (G.E.D.). Physical handicaps will be evaluated individually. The massage program is a non-discriminating program. People of all races, creeds, colors, ages, religions, and genders are welcome.

Acceptance will be considered upon receipt of an application with a \$100.00 deposit and completion of an interview.

Admission is based upon the information provided in the application and through the interview process. Prospective students are asked questions regarding their goals, why they are choosing the massage field, and what type of future employment they envision for themselves. Questions regarding students' academic abilities, such as independent focus, study skills, and learning styles are addressed.

We may also discuss plans to take some courses at a junior college such as Study skills, Medical Terminology, Anatomy and Physiology, and Kinesiology. If it seems likely that the program will be too difficult for a student, we discuss plans to better prepare them for enrolling at a future date. This usually involves related courses at a junior college.

Siloam Massage School does accept some outside courses in these areas and will look at transfer students from other schools on an individual basis.
